Professional Career

Damen Shipyards Gorinchem b.v. – Shipyard		From
<i>Director Damen Specialized Vessels</i>		03/22
<p>Damen Specialized Vessels, as part of the OSV-division, is responsible for all vessels of several product groups (Offshore, Defence&Security, Dredging&Mining, Public Transport and Pontoon&Barges), representing all commercial vessels of Damen, > 50 meters lengths. Engineer to Order or (smaller) dedicated series of specialized vessels, constructed at different yards all over the world.</p> <p>As director of this group, responsible for the commercial aspects (together with Area Sales), development of products, tenders and also responsible for Project Management during the construction.</p>		
Voortman Steel Construction b.v. – Steel Construction Company		02/16
<i>Managing Director</i>		02/22
<p>Voortman Steel Construction (VSC) is a Dutch leading company in steel construction. 150 employees, working in 3 business units (steel construction, cladding and turnkey building). Serving large and medium-size contractors with steel constructions and cladding projects (utility buildings, industry, energy) and medium-size companies with turnkey building projects.</p> <p>Started as Director Sales&Projects, responsible for sales, marketing and project management. Within several months, all production departments and staff (HRM, Finance) added to responsibilities, becoming Managing Director. End-responsible for the company, including financial performance and development of the company and businesses.</p>		
Damen Shipyards Gorinchem b.v. – Shipyard		03/15
<i>Manager Design&Proposals – Production</i>		01/16
<i>Offshore and Transport Product Group (MT-member)</i>		
<p>The Offshore and Transport Product Group is responsible for all vessels related to Offshore and Transport activities, including all non-standard one-off vessels. The Design&Proposals department develops new ship designs (and series), including technical specifications, costprice calculations, etc. Furthermore, the offers for clients are prepared, and technical support to the sales departments is provided.</p> <p>As manager Design&Proposals – Production, I have been responsible for this department (>10 employees), and special assignment has been the implementation of the “integral bid procedure” for complex one-off vessels, ensuring a better cooperation between sales and operations.</p>
